

BUILT TO LAST, IN AMERICA

CWBF-1

Outdoor Bottle Filler

The perfect solution for college campuses, parks, or anywhere else where filtered water could quench a thirst, Willoughby's quick-fill outdoor bottle filler provides convenience and helps to reduce the waste from plastic water bottles.

Built to Last

Solid, one-piece, fully-welded Type 304 stainless steel is extremely durable and vandal resistant. Optional marine-grade Type 316 stainless steel is available for installations near salt water.

Simple Operation

Recessed, vandal-resistant push button is easy and intuitive to operate and requires less than 5 lbs. of force. Optional infrared operation is also available.

Quick Fill

Solid stainless steel anti-rotation bubbler and quick 1-gallon-per-minute fill rate means water bottles get filled fast. User-replaceable in-line charcoal filter results in great tasting filtered water.
